

Auditions were held during the last week of May, 2009. If you missed auditions and would like to audition, please contact Debbie at [debdance@cablone.net](mailto:debdance@cablone.net). We will hold at least one more audition during the summer. Also, in the past we've had dancers audition who did not make it onto a team; those dancers worked hard in summer dance classes and improved to the point that they were placed on a team by the fall. Other dancers who had made a team were moved to a more advanced team after improving through summer dance classes.

**BRAVO TEAM:** *These dancers will attend dance classes twice a week, Sept-May. One day they will attend ½ hour of classical ballet class and 45 minutes of team class (jazz and possibly lyrical). The other day they will attend ½ hour of tap class and 45 minutes of team class. Optional: These dancers are welcome to add any other dance classes they choose ~ in the past; some of the dancers in this age group have added a hip-hop class. Competition Team Dancers receive 40% discount on monthly dance tuition. (We will notify you when our fall dance schedule, information, and registration are available on our website.) Dancers and at least one parent are required to attend our mandatory meeting this Tuesday, June 2, 6:00 pm. Non-attendance will indicate that your dancer does not wish to be on a competition dance team this year.*

Congratulations!    1. #26  
                                  2. #27

\*\* Dancer needs to take *plenty* of ballet and jazz classes this summer to establish greater control and overall dance technique.

**PREMIERE TEAM:** *Sept-May, these dancers will attend dance classes twice a week and possibly three times a week (depending on where our ballet classes are placed in the schedule ~ if Monday night is involved, we'll do our best to have you home earlier than in the past). These dancers are required to attend team classes twice a week, jazz technique class, and ballet. If they qualify to be in Pre-Pointe or Pointe Ballet classes which meet twice a week, then these dancers do not need to attend tap or hip-hop classes. If they attend a ballet class which meets just once a week, then these dancers will also need to take tap and hip-hop classes. Of course, dancers may add any additional classes they'd like. Competition Team Dancers receive 40% discount on monthly dance tuition. (We will notify you when our fall dance schedule, information, and registration are available on our website.) **Dancers and at least one parent are required to attend our mandatory meeting this Tuesday, June 2, 6:00 pm. Non-attendance will indicate that your dancer does not wish to be on a competition dance team this year.***

**SYNERGY:** *This team is comprised of high school sophomore dancers who are also members of their high school dance teams. This team will meet just once a week, right after school for 1 ½ hours. Because of their heavy schedule demands, these dancers are not required to take additional dance classes, but ballet and jazz technique classes are highly recommended for maintaining and strengthening control and overall strong dance technique. Competition Team Dancers receive 40% discount on monthly dance tuition. (We will notify you when our fall dance schedule, information, and registration are available on our website.) **These dancers and parents are not required to attend our Tues. 6 pm meeting. Instead, we will meet at 7:45 pm that night.***
